---

**VSO has zero tolerance of abuse and exploitation of vulnerable people. We expect all our employees/volunteers to ensure we are protecting children, young people and vulnerable adults from harm and abide by our safeguarding policy.**
2. **Personal considerations**

In addition to the job description, the following information should be used when considering whether a placement is suitable for you.

<table>
<thead>
<tr>
<th><strong>Personal health considerations</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>If you have a significant current or past medical condition and/or you have general concerns about staying healthy as a volunteer, please use this information to assess whether this placement will be suitable for you. All volunteers require medical clearance from a VSO medical adviser before they are able to take up a placement with VSO. Occasionally, VSO may consider that this placement is too great a risk for you in terms of your personal health and you would be advised to consider a different placement. For further guidance about medical assessment and volunteering with a medical condition, please see the <a href="#">frequently asked questions on VSO website</a>.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>Access to medical care and support</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>The standard and quality of local medical care and support available at this placement will depend on its location within the country. Health facilities are likely to be more poorly resourced in rural areas in terms of medical expertise, equipment, infrastructure and regular supplies of medication. However, this may not be the case in the capital city or in a larger town, where in some countries there may be a reasonable standard of medical care. The following gives you an indication of where the placement is in relation to the country office and how easy it would be to make the journey if you were ill.</td>
</tr>
</tbody>
</table>

This placement is in: Project districts (Banke, Parsa, and Sarlahi)

**Before completing a job application, please seek advice from the VSO International Medical Team if you:**

- **have an ongoing medical condition**
- **have had a medical condition in the past that might recur**
- **take any regular medication (other than contraception)**

If you wish to discuss your personal circumstances or health concerns in confidence with VSO’s medical team before you apply for this placement, please contact [medical@vsoint.org](mailto:medical@vsoint.org).

<table>
<thead>
<tr>
<th><strong>Accompanying partner or family</strong>: If you have a partner or children who are planning to accompany you to your placement, please use this section to assess whether this placement will be suitable for you.</th>
</tr>
</thead>
<tbody>
<tr>
<td>This is not accompanying role</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>Motorcycle requirements</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Not applicable</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>Security information</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Aftershocks may still occur, and volunteers will receive information about how to act in case of earthquake. You should also be aware of the condition of buildings you are passing or near as many buildings suffered structural damage that makes them unsafe—it is best to avoid them if you are unsure. Landslides are likely, particularly in the monsoon season (June to October) and volunteers will need to check with VSO before travelling outside Kathmandu. After a disaster, there are often increased risks of theft, robbery, and personal assault.</td>
</tr>
</tbody>
</table>
Given the focus of this placement, it is important that the volunteer takes the following risks very seriously and commits to follow VSO protocols at all times:

- **Civil Unrest** – There is likely to be sporadic unrest across the country and in particular after promulgation of New Constitution;
- **Road accidents** – The most likely form of serious incident a volunteer will face as vehicles are old and not well maintained and driven recklessly;
- **Sexual harassment and assault** – Volunteer will be bided by VSO safeguarding policy.
- **Disease** – It is your responsibility to ensure you take appropriate preventative care: sleeping under nets, using repellent, taking prophylactic drugs or treating drinking water;
- **Theft, robbery and personal assault** – You are responsible for ensuring your own security. The most common type is by stealth – pick-pocketing or grabbing bags rather than with violence.
- **Burglary** – (theft from your house) not that common but incidents have taken place in the area;
- **Kidnap** – Although highly unlikely, it is important for staff and volunteers to know some basic guidelines;
- **Natural disasters** – the common natural disaster are floods and landslide during the monsoon seasons (June – August) sometime earthquake aftershock is observed.

3. **Project background and contextual information (Please change this information as per project detail and requirement)**

Empowering a New Generation of Adolescent Girls' with Education (ENGAGE) envisions a world where even severely marginalised out of school girls and girls with disabilities are empowered through education and livelihood skills. To create an environment of making informed life choices, contribute to family decisions, and confidently pursue their own economic opportunities, the project aimed to implement literacy and numeracy classes, support formal education, develop the teachers capacity, enhance government run resource classes, increased access to learning materials, provide business and or livelihood skills to the primary actors. The project further aimed to empower parent through parenting education and making them more engaged in their children’s learning both in home and schools. More importantly, project will try to reduce the vulnerability of girls and women due to early child marriage, early pregnancy, gender based discrimination and gender based violence through community level interventions including adolescent sex and reproductive education. Through developing a pool of role gender role models to support primary actor’s education, health and other issues the project will use the Big sisters mentoring models. This is a four years projects working in province 2 (Parsa and Sarahi) and province 5 (Banke) and provides educational and livelihood opportunities to 2525 marginalized girls and girls with disabilities from the marginalized community. The total project budget is GBP 4896, 541. This is a consortium project where VSO is a lead organization and HI is leading partner in disability and inclusion. The community level interventions will be implemented by downstream non-governmental organizations. For the purpose of identification of project beneficiaries, pre-base line and household survey is one of the major task which will identify and detect the girls with disabilities to whom project will be working, this task will be done by the external evaluator which will deliver a report along with: i) literacy and numeracy assessment results ii) MEL framework iii) household survey report and iv) identification and detection of girls with disabilities.

Further information on VSO’s work in each of the countries we work in can be found on the [VSO website](https://www.vso.org.uk/).
